(408) 691-3695 | [kietng.work@gmail.com](mailto:kietng.work@gmail.com) | [Portfolio](#) | [LinkedIn](#) | Anaheim, CA

Operations and analytics professional with experience in logistics coordination, inventory reporting, and workflow automation. Skilled in Excel and Google Apps Script, with an M.S. in Business Analytics.

## EXPERIENCE

**Logistics Coordinator**, Samsung SDS America | Cerritos, CA *April 2026 – Present*

- Coordinate end-to-end fulfillment of approximately 40-50 weekly orders across two warehouses, including order processing, trucking, and delivery tracking.
- Reduced order preparation time by approximately 70%, from 10–15 to 3–4 minutes, by consolidating 10 templates into one Google Apps Script workflow.
- Built an inventory dashboard covering three warehouses to flag shortages 1–2 weeks ahead, enabling proactive replenishment and helping virtually eliminate shortage-related fulfillment issues.
- Streamlined warehouse-specific pricing and billing calculations for storage, handling, accessories, and trucking through spreadsheet automation.

**Program Support Volunteer**, Sunshine Hearts Foundation | Irvine, CA *Oct 2025 – April 2026*

- Supported day-to-day program activities for children with autism and intellectual disabilities, helping create a welcoming and supportive environment.
- Coordinated with staff and volunteers to prepare activities and support children's participation throughout program sessions.
- Maintained attendance records and operational updates to support team communication and program planning.

**Operations & Data Analytics Assistant**, Cal Poly Pomona | Pomona, CA *Jun 2024 – Aug 2025*

- Addressed 6–8 weekly student and staff inquiries, clarifying departmental procedures and connecting users with appropriate support.
- Maintained 200+ departmental records and updated website content to keep information accurate and accessible.

## EDUCATION

**California State Polytechnic University, Pomona** - Pomona, CA *Aug 2023 – Aug 2025*

- Singelyn Graduate School - M.S. in Business Analytics
- GPA: 3.97/4.00

**University of Economics HCMC** – Vietnam *Aug 2017 – Aug 2021*

- Bachelor of Finance

## PROFESSIONAL SKILLS

**Operations & Coordination:** Cross-functional Collaboration, Stakeholder Communication, Order Management, Inventory Tracking, Billing & Pricing, Process Documentation

**Tools:** Excel (PivotTables, VLOOKUP), Google Sheets, Google Apps Script, Cello WMS, SQL, Power BI, Python

**Certifications:** Data Analyst Certificate (DataCamp), Cloud Computing Fundamentals (IBM)

**Languages:** English, Vietnamese

## PROJECTS

**Inventory Visibility & Shortage Forecasting Dashboard** – Excel, Python, Streamlit

- Built a Python and Streamlit dashboard supporting Samsung SDS operations across three warehouses, consolidating inventory and upcoming orders for internal teams.
- Identified potential shortages 1–2 weeks in advance, enabling proactive replenishment and helping prevent shortage-related order delays.
